SONG LYRICS!

THE LONG AND SHORT OF IT

There are many happy things
That are short and long
Like a one-verse poem
Or a five minute song

A pair of short sleeves
For a nap in the shade
With a long tall drink
Of my Aunt's lemonade

CHORUS

Because the long and short of it
Has just begun
A long time for singing songs
And playing in the sun

I said the long and short of it
Has just begun
And life's too short
To not have fun

A short stack of pancakes
My favorite way
A short list of chores
And a long time to play

A short bunch of chuckles
And a long hard laugh
After short easy days
I take a long hot bath

CHORUS

And if I ever have a day
That is longer than it seems
I like a short bedtime story
For a long night of dreams

It's short and loooong...
It's short and loooong...

CHORUS

Loooong and short!
Loooong and short! (to fade)
